PROFESSIONAL REVIEW OF PLANNING POLICY AND MAPPING FOR A NATURAL HERITAGE SYSTEM FOR THE MANITOULIN PLANNING AREA REQUEST FOR PROPOSALS - EXTENSION

The Planning Board is extending the deadline to receive proposals to December 15th 2021.

The Manitoulin Planning Board is preparing a Natural Heritage System (NHS) for the Official Plan of the Manitoulin Planning Area. A NHS for the Manitoulin Area is required to be completed by October 2022 to comply with the Provincial Policy Statement 2020.

The Planning Board is seeking a consultant to complete a review of draft Official Plan policies and mapping related to the Natural Heritage System, and provide a report to the Board with recommendations on conforming to relevant provincial policy and standards.

Interested applicants should contact Jake Diebolt at the Manitoulin Planning Board for specific requirements related to the proposal.
